

Award Winning Remodeling:

Tate Enterprises has been featured on HGTV on 3 episodes of "New Spaces." Our crew was filmed remodeling a kitchen, a bathroom and the Tri State Fire Department in Burr Ridge. We were also honored to accept the 1st place award for "Residential Kitchen's from the National Association of the Remodeling Industry.

Owner Run and Operated Business
Jim Sullivan and Karen Tate

Tate Enterprises, Inc. has earned a reputation for *Creative, Proactive Remodeling*. Our chief priority is to give independence with dignity and quality of life.

Kitchen:

Varying the height of counter tops;
Installing a sink with knee clearance;
Installing a raised dishwasher

Family Room:
Well-placed skylights and ceiling lights will provide proper lighting.

Yard:

Raised flower beds gives you the ability to be outdoors, continue your gardening and keep your home beautiful.

Tate Enterprises, Inc.

DESIGN ♦ BUILD ♦ REMODEL

Certified Aging-in-Place Specialist (CAPS)

Tate Enterprises, Inc. will discuss with you the renovations you and your medical professional have in mind. Whether it be your kitchen, bath or a deck ramp entrance. Tate Enterprises, Inc. is determined to help make life a little easier for children with special needs, adults with disabilities *and seniors who like living on their own.*

Mission Statement:

Tate Enterprises, Inc. will provide Quality Remodeling to remove common barriers and turn controls back to the individual of different ages and abilities..

AGING IN PLACE means remaining in one's home safely, independently and comfortably, regardless of age, income or ability level.

Tate Enterprises, Inc. obtained the **Certified Aging-in-Place Specialist** designation thru the NAHB's CAPS program which teaches

- Home modifications for Customized Barrier-Free Home remodeling

“Move or Improve”

By hiring Tate Enterprises, Inc. a CAPS contractor can give seniors a choice of housing options.

When faced with a home that cannot meet their needs, one must weigh the costs of moving against improving the home.

Costs to move

- real estate commissions
- closing costs
- decorating
- moving expenses

Choose to improve

- Spend same amount to actually enhance and improve your home
- You can have the full use of their home
- Maintain personal independence.

The NAHB Remodelers Council - in collaboration with the AARP, NAHB Research Center and NAHB Seniors Housing Council - developed this program to provide comprehensive, practical, market-specific information about working with older and maturing adults to remodel their homes for aging in place.

The AARP land mark study **“Fixing to Stay”** was a wake-up call to the residential remodeling industry. The results of the study sent two messages loud and clear:

- *Americans prefer to remain in their homes as they mature rather than seek assisted living and other arrangements*
- *Older consumers want a reliable means of identifying professionals they can trust to remodel their homes*

Tate Enterprises, Inc. can help you address **Common mobility or orthopedic conditions:**

- Arthritis / Rheumatism
- Spinal cord injuries
- Respiratory conditions such as chronic bronchitis, emphysema
- Osteoporosis / brittle bone disease
- Range of motion limitations in joints such as knee and hip

Common modifications include

- Rocker switches and lever handles are common solutions
- Cabinet pullouts and full extension drawers
- Fitting the home for wheelchair use
- Zero step thresholds
- Gated bath tubs

Tate Enterprises team of professionals, work closely with families and medical professionals to ensure that seniors get the very best care at home. We will coordinate home remodeling and preparation for “rehabilitation” following a major illness: such as installing adaptive devices.
